

Mental Health and Disability Services Redesign 2011

Children's Disability Services Workgroup Agenda

Tuesday, September 13, 2011

10:00 am – 3:15 pm

West Des Public Library

4000 Mills Civic Parkway

West Des Moines, IA 50265

AGENDA

- I. Review of additional data (number/cost/placement type) on children currently placed out-of-state broken out by disability (MH or ID)
- II. Review of summary data on juvenile justice involved youth in placement
- III. Summary of handouts
 - Sequential Intercept Model
 - Advances and Innovations Emerging from the Mental Health/Juvenile Justice Action Network
 - School-Based Mental Health: An Empirical Guide for Decision Makers
 - Systems of Care in Schools—SAMHSA
 - NAMI Child and Adolescent Service Array
 - TAC Discussion Paper # Two: Core Services for Children
- IV. Outlining a framework for bringing kids home (Continuation from previous session)
 - Workgroup Refresh on work from previous session:
 - Working list of “outcomes” from view of child/parent/young adults.
 - Pro/cons of possible “coordinating entities”
 - Is any consensus beginning to develop on the shape and form of coordinating entities?
- V. Core treatment services for children and families that will ensure successful return to least restrictive home/community setting
 - Core services provided by “coordinating entity”
 - Core services provided within treatment network
 - Essential services provided by other system partners

- VI. Multi-system readiness
 - Top 3-5 tasks/abilities/priorities for each child-serving system in prep for children/young adults returning to community
 - Juvenile Justice
 - Child Welfare
 - School
 - ID system/providers
 - MH system/providers
- VII. Agenda development for September 27th session
- VIII. Public Comment Session – 2:45 pm – 3:15 pm

**Next meeting is September 27, 2011 at United Way of Central Iowa located at 1111 Ninth Street, Des Moines, IA 50314.*

Key questions for workgroup to consider in preparation for the session

1. Think about potential core services along four domains:
 - a. Prevention services
 - b. Treatment Services
 - c. Acute/Sub-acute services
 - d. Recovery supports
 - i. What services might be part of a future State Plan
 - ii. What services might be delivered by others through different funding streams
 - iii. What are the key service/system innovations that you want to see “practically available” statewide?
2. Think about essential system elements/community readiness necessary for children and young adults to return from residential treatment and “optimally live, learn, work and recreate” in their communities. In what ways can communities/regions organize and mobilize to make this work?
 - a. Across the traditional child-serving systems
 - b. How can non-traditional community partners play a role?
 - i. Who might be interested in coming to the table right off the bat?
 - c. How do we “ready” the larger community/state?
 - d. How can we support the children/young adults/parents/caregivers during the transition home?
